PROFESSIONAL EXPERIENCE

Sta. Lucia Mall Davao (IT Staff)

August 2025 – Present

- Handle technical support for employees, troubleshooting hardware, software, and network problems.
- Install, set up, and maintain computer systems and office ICT equipment.
- Help the Admin Department with data entry, report preparation, and documentation.
- Manage the official SLMD Facebook page — planning and posting content, engaging with followers, and creating graphics and designs for announcements, promotions, and events.

TikTok Video Editor (Freelance)

September 2025 – August 2026

- Edited raw footage into 60-second TikTok videos for a specific product, trimming and compiling clips using CapCut.
- Added captions and timed transitions to keep pacing tight and hold viewer attention.

Virtual Assistant (Project Based) April 2023 – September 2023

- Helped the client with various administrative and task-based requirements.
- Did online research to gather and organize data relevant to ongoing projects and reports.
- Entered and organized data accurately using spreadsheets and other tools, including Salesforce.

Flatworld Solutions, Davao City (Account Executive)

August 2022 – October 2022

- Received calls and provided clear information about insurance plans, including coverage details and benefits.
- Evaluated client eligibility and confirmed qualifications based on set criteria.

Teleperformance, Davao City (Technical Support Representative)

March 2021 – December 2021

- Managed high-call-volume inbound support for customers in the United States (EST).
- Provided step-by-step technical assistance for installing internet modems and cable boxes.
- Diagnosed and fixed service issues to maintain customer satisfaction and continuity.
- Handled billing questions and made account adjustments as needed.
- Promoted relevant products and services, matching offerings to customer's need to support sales goals.

EDUCATION

University Of Immaculate Conception

August 2021 - April 2025

Bachelor of Science in Information Technology

Specialized in Healthcare Technologies

STRENGTHS AND EXPERTISE

- Experienced in troubleshooting hardware, software, and network issues across technical support roles.
- Comfortable handling high call volumes and fast-paced support environments, built through direct customer service and technical support work.
- Accurate and organized with data, from spreadsheet and Salesforce entry to admin reporting and documentation.
- Practiced in evaluating information against set criteria, from client eligibility checks to research for project reporting.
- Hands-on experience managing a company social media page, including posting, and audience engagement.
- Developing video editing skills in CapCut, producing short-form product-focused content for TikTok.
